TANIA NICOL ENQUIRY – POLICE RELEASE FURTHER CCTV STILL

Detectives investigating the disappearance of 19-year-old Tania Nicol are today, Thursday 23rd November releasing two further CCTV stills to help bring in more information.

Tania was last seen at around 10.30pm on Monday, 30th October when she left her home in Woolverstone Close, Ipswich with the intention to work as a prostitute in the town.

Police have already released a CCTV image of Tania walking past the Sainsbury's garage, on London Road in the direction of town, this image was captured at 11.02pm on October 30th.

Further CCTV footage has been viewed and Tania has been captured on images standing along Handford Road (near to the junction with Burlington Road) at around 11.07pm, Monday 30th October.

Police are keen to speak to a motorist and a pedestrian who are seen on the footage at the same time.

In the first image, a car with one taillight not working is seen to drive past Tania in the direction of town. Tania can be seen at the top of the image in the middle with the car driving past. The second image captures a male walking on the opposite side of the road walking away from the town, the male is wearing a baseball cap, light coloured top and is carrying a bag worn diagonally across his body. The man can be seen in the bottom right hand corner of the image.

Were you travelling in the car with the taillight not working? Were you the male walking along Handford Road?

Police are keen to trace either of these people as they may have information, which could help police with this missing person enquiry.

Tania is described as having an olive complexion, is about 5ft 2ins tall, of slim build, with shoulder length light brown hair, brown eyes and a spotty complexion.

She was last seen wearing a light-coloured top, mid-blue cut-off jeans and pink high-heeled shoes.
