Service not accepted by e-mail

Dear Sirs

Re: Rt Hon John Prescott MP

I refer to your letter of 2 March in connection with the above.

You state that you wrote to us on 22 July 2009, however on checking our files we have no record of ever having received that letter.

However, and for your information, your client wrote to Assistant Commissioner John Yates in July and August 2009 and a response was sent directly to him from A C Yates on 11 September 2009. A further letter dated 24 November 2009 was then received from your client in my department. I responded directly to him on 15 December 2009 setting out exactly what documentation we held that related to him.

Given we have been corresponding directly with your client, I trust the information you have requested can be obtained from him.

Yours faithfully

Naz Saleh
Assistant Director
