Dear Sir Christopher,

Thank you for sending me the PCC Bulletin 64 covering October to December 2003.

I read this with interest, but found it very difficult to understand what the offence, correction and context is where so little detail about the subject matter of the complaint is provided. I have a particular interest in mis-reporting by the press of asylum seekers and immigration issues, and it is very difficult for me to identify whether any of the cases listed either in the adjudication, or in the resolved categories which relate to this.

I would be grateful if you could let me know that there were any, and provide such details as you are able, and in particular provide details of the complaint against the Mail on Sunday by the Refugee Council which you mention, which is one of the few to mention what the issue is.

Thank you for your help with this matter.
