*Dear Sir Christopher*

I am sorry that I will not be able to attend the private lunch on the 9<sup>th</sup> of November; I have a meeting that I could not re-arrange! However, I would be most grateful if you would let me know your views on a common complaint that I often receive from ordinary Muslims who feel that the phrase "Islamic terrorist", which is so often used by the media, is discriminatory? Does the Press Complaints Committee have a view on issues like this?

With all good wishes

*Yours,*
